SATINY

SMOOTH AS SATIN are the elbows of pretty Marjorie Bell, one of Columbia network's "School of the Air" players. Her solution to this beauty problem is the regular use of a pumice stone to remove roughness. You'll find that the same application to the backs of your heels will save wear and tear on stockings.

Another Frozen Dainty

By Frances Lee Barton

HERE is a recipe for a chocolate frozen pudding that will delight anyone who leans toward chocolate as a flavor—which means all children, most men and a goodly number of women. Try this recipe while the days are still warm enough to induce a desire for something cooling:

Chocolate Frozen Pudding
1½ squares unsweetened chocolate; ½ cup sugar; 1 cup milk; 2 egg yolks, slightly beaten; 1 cup cream, whipped; 1 teaspoon vanilla; ½ cup finely cut cooked raisins; ½ cup finely cut dried figs.

Add chocolate and sugar to milk and heat in double boiler. When sugar is dissolved and chocolate melted, beat with rotary egg beater until blended. Pour small amount of mixture over egg yolks, stirring vigorously; return to double boiler and cook 2 minutes longer, stirring constantly. Chill. Fold in remaining ingredients. Turn into freezing tray of automatic refrigerator and let stand 2 to 4 hours. Or turn mixture into mold, filling it to overflowing; cover with waxed paper and press cover tightly down over paper. Pack in equal parts ice and salt 2 to 4 hours. Serves 6. Nuts may be substituted for either fruit.

Resolve to be a Really Good Cook

There's nothing quite so wonderful these days as a carefully prepared meal that the family just won't eat. And as victory begins at home, in fact, right in our own kitchens, why not start off 1943 by trying to be a really good cook. Naturally, planning meals suited to different restrictions and rationing programs—but meals must be nutritious good. As it's sometimes easier to plan well-balanced meals if you have a pattern by which to go, I think you'll find the ones given below particularly helpful.
